

Rapid innovation and digital transformation...

**MTN Business** Azure Services (Datasheet)

#BusinessDoneBetter

**Intelligent security, seamless hybrid capabilities, and unique cost savings options**

**Microsoft Partner**

MTN Business is a Microsoft Silver Partner, and we are offering SME and Large Enterprises publicly hosted Infrastructure, Platforms & Software through the Microsoft Azure environment. This is a scalable service that is offered through a **pay as you go** model

on the MTN Business WebStore. Speeding novel solutions to market is a key reason for migrating to the cloud. Achieving this goal requires freeing IT and development talent from management tasks like support.

**Products**

MTN Business Azure Services can be broken down into three primary offerings:

**Virtual Machines**

These are one of Azure's main offerings in the Compute group. This service helps to create Windows as well as Linux virtual machines almost instantaneously.

**Azure Backup**

The backup service of Azure is also amongst the most well-known Azure web app services which are extremely in-demand amongst enterprises.

**Azure Virtual Desktop**

Formerly known as Windows Virtual Desktop, is a Microsoft Azure-based system for virtualizing its Windows operating systems.

**Extensive Benefits**

**MTN Business** Azure Services has extensive benefits to help your business:

Platform of your choice
Better compatibility
Enhanced protocol
Less support needed
First line support
Cost Reduction as a priority

Only cloud provider with end-to-end hybrid infrastructure

- Identity
- Operating Systems
- Application Platforms
- Data Platform
- Security + Management
